

ASSURANCE

Patrick B. Conner

Patrick Conner has 9 years of experience providing auditing and consulting services for a wide range of privately held and publicly traded companies. As a principal in the Commercial and SEC division of the firm's Assurance practice area, his primary responsibility includes on-site supervision and review of audit engagements.

Mr. Conner provides guidance to clients ranging from complex accounting issues to general business and accounting developments. In addition, through his experience with numerous manufacturing and wholesale and retail distribution clients, he is well versed with job cost and overhead allocation methodologies as well as other inventory issues.

Mr. Conner is also active in the firm's professional development and staff training efforts and is responsible for the in-house training of new staff members and serves on the firm's standards committee.
